

Student Leadership Team

What is the student leadership team?

The Student Leadership Team is a group of high school student leaders. You might just think of coming to plan events, or making posters, but student leadership is so much more than that. Our youth group will only be as good as *you* make it. Sure the youth pastor and staff have a part in that, but it will only work when *you* grab hold of it and make it your own. This is true for all students, but especially for those who lead. Where are you going to take the group?

The purpose of this group is to develop student leaders, who will serve the people of our youth group.

What does the student leadership team do?

- The **main purpose** of the Student Leadership Team is to connect and serve other students. It will be your goal to make people feel welcome, and a part of the group.
- Some promotion of events.

Should I be on the team?

Are you ready to lead by example?
Are you ready to serve?
Are you ready to be humble?
Do you want to see our group grow?
Do you want this group to be a place where everyone feels accepted?

If so, then please apply!
